

ALEXANDER CHORNY

WEB DEVELOPER

PROFILE

I'm a developer with considerable experience in web development. I focus on creating reliable, adaptive, cross-browser web products, emphasizing best practices and accessibility.

In life, I enjoy self-learning, constantly working on improving my technical and communication skills. I strive to learn something new or accomplish something useful every day.

Additionally, I enjoy sports and pursuing diverse personal development opportunities.

EXPERIENCE

Apr 2024 - Jul 2024

Freelance Web Developer

Participated in a project involving the creation and management of databases. Refined the functionality of a code editor based on CodeMirror, implementing combined language support (SQL and JavaScript) with syntax highlighting and autocompletion. Contributed to various other project features.
